

June, 1964.

Dear Mr. Mayor,

It gives me great pleasure to take this unique opportunity of sending greetings to you and the citizens of Liverpool's namesake town in New South Wales.

Naturally, we in Liverpool, England, are very proud of the great success achieved by the four young men known as "The Beatles". In the past Liverpool has often been the home of people who have achieved fame in 'Show business' of one kind or another, and 'The Beatles' have certainly followed this tradition. Not only by the expertise of the art they practice but also by their bearing and happy personalities, they have brought nothing but credit to the name of Liverpool. I am confident that your citizens will greatly enjoy their visit.

With every good wish to you and the people of Liverpool, New South Wales, from the citizens of Liverpool, England, and myself,

Yours very sincerely,

Lord Mayor.
